

**BUILDING THE FUTURE ONE  
STEP AT A TIME!**

## August Newsletter

The STEP Foundation recently granted \$500 to the Seneca Free Library to assist with their new Music Garden. Kate Haynie, library director, shared that "from the moment the instruments were installed, people have been enjoying them. In fact, there were children in the garden before the city crew could let us know they were finished." STEP is proud to assist organizations with community projects like this!

# Save the Date for Community Day in the Park!
